

# ACI marina price list 2017

This price list includes all boating services rendered by ACI marinas and is effective from January 1<sup>st</sup>, 2017. Prices are quoted in euros and include a 25% Value Added Tax.

Other services not encompassed by this price list but offered in ACI marinas are charged according to individual marinas' price lists. Internal price lists of individual ACI marinas are an integral part of this price list and are available on ACI marinas reception desks.

**ACI reserves the right to change the price list without prior notice.**

## ACI marinas

ACI incorporates twenty-two marinas and one buoy anchorage. Eighteen ACI marinas are open all year round while the remaining four and the anchorage operate only during the season.

## ACI marinas open all year round:

ACI Umag, ACI Rovinj (out of operation until 2018 due to reconstruction), ACI Pula, ACI Pomer, ACI Opatija, ACI Cres, ACI Supetarska Draga, ACI Šimuni, ACI Jezera, ACI Vodice, ACI Skradin, ACI Trogir, ACI Split, ACI Milna, ACI Vrboska, ACI Korčula, ACI "Veljko Barbieri" Slano and ACI Dubrovnik.

## Seasonal ACI marinas and the anchorage (open from the 1st of April to the 31st of October):

ACI Rab, ACI Žut, ACI Anchorage Žut, ACI Piškera, and ACI Palmižana.

## Berths

Subject to availability, ACI marinas offer the following berth categories: daily, monthly, semiannual (ACI marina "Veljko Barbieri" Slano), semiannual (winter), semiannual (summer), nine-month (ACI marina Skradin), and annual wet berths, as well as daily, half-monthly (ACI marinas Pomer and Dubrovnik), monthly, semiannual (ACI marinas Umag, Pomer, Opatija, Cres, Supetarska Draga, Šimuni, Jezera, Vodice, Korčula and Dubrovnik), semiannual (winter), semiannual (summer) and annual dry berths.

## Consumption of electricity

### Berths without a consumption counter

For all boats, electricity consumption for standard boat purposes is included in the price of all berth categories.

In ACI marina Skradin for vessels on annual and nine-month berth contracts electricity connection of 32 A and higher is paid additionally within the amount 5% of the price of wet berth.

ACI marinas Žut and Piškera have limited electricity supply. Electricity is available from 8 a.m. to 12 a.m. and from 6 p.m. to 12 p.m.

### Berths with a consumption counter

ACI marina Pomer, that has consumption counters installed on dry berths, charges the use of electricity through a prepaid system.

ACI marina Dubrovnik offers a prepaid method of payment on those of its berths that have consumption counters installed.

ACI marina Slano, that on berths has consumption counters installed, charges the use of electricity through a prepaid system for all wet berth categories.

## Consumption of water

For all boats, water consumption for standard boat purposes is included in the price of all berth categories.

The exception is ACI marina Slano, equipped with consumption counters, where water consumption is charged through a prepaid system for all wet berth categories.

ACI marinas Žut and Piškera have limited water supply. Water is available from 8 a.m. to 10 a.m.

Consumption of water for boat washing is charged according to the other services price list, by boat length.

Stopping at the marina for the purpose of filling water tanks is charged according to the internal price lists of individual ACI marinas.

All ACI marinas supply water and electricity in accordance with their technical capabilities. Restriction in electricity or water supplies does not constitute grounds for price reduction.

### **Prices**

This price list contains separate tables for each ACI marina with prices for all berth categories, grouped according to rental periods. Prices are based on the vessel's length overall (LOA). Length overall is defined as the total length of the vessel from the foremost part of the bow to the aftermost part of the stern, measured parallel to the waterline (including projections such as the stern platform and the bowsprit).

ACI reserves the right to verify the reported dimensions of the vessel by measurement. Should the reported length of a boat not correspond to that obtained by measurement, ACI reserves the right to charge a different price based on the actual dimensions (length overall – LOA) obtained by measurement.

### **Catamarans and trimarans**

For multihulls, all wet and dry berths are charged at an increase of 50% over the published rate.

### **Other exceptions are:**

ACI marinas Umag and Cres where berths are charged at an increase of 25% for multihulls

ACI marinas Žut and Piškera, where the increased of 50% daily berth rate for multihulls is charged only from the 15th of July to the 25th of August

ACI marina Palmižana, where the daily berth rate for multihulls increases by 80% from June 1st through September 30th

ACI marina Korčula, where daily berth for catamarans and trimarans in the period from the 1st of July to the 31<sup>st</sup> of August is charged with an increase of 80%.

### **Jet skis**

Subject to availability, all ACI marinas offer wet and dry berths for jet skis. All categories of berths are charged at 50% of the berth price for vessels up to 5 metres in length.

### **Charter activity**

For boats used for charter purposes, the annual berth rental fee increases by 20% in ACI marinas Trogir, Split, "Veljko Barbieri" Slano and Dubrovnik, whereas in other ACI marinas (except for ACI marina Cres) the annual berth rental fee increases by 15%.

Charter companies which have annual berth contracts with ACI marinas for 10 or more charter boats may submit a request to ACI's Nautical Department to pay their annual berth fees in installments.

### **By-boats (auxiliary boats)**

The berth fee for a by-boat (auxiliary boat) is not charged when the auxiliary boat is berthed by the main boat. When a by-boat (auxiliary boat) uses a separate berth, and the owner holds an annual berth contract, the owner must enter into a separate contract for the by-boat; for all berth categories the fee shall in that case amount to 50% of the commercial berth price.

Entering into an annual contract for the by-boat does not entitle the owner to a separate ACI Card.

When a by-boat (auxiliary boat) uses a separate berth, and the main boat is not using an annual berth in an ACI marina the berth rate according to the current price list is applied.

### **Daily and half-daily wet berth rental**

#### **Included in the price:**

- wet berth rental
- use of toilet facilities and showers
- electricity and water consumption for standard boat purposes, except in ACI marina "Veljko Barbieri" Slano where the consumption of water and electricity is charged through the prepaid system.

Berths can be rented on a half-day basis, for a maximum of 4 hours and can be used no later than 2 p.m. Exceptions are ACI marinas Pula, Pomer, Žut, Piškera, Vodice, Skradin, Trogir and Palmižana, where they can be used no later than 5 p.m.

Half-day berth is charged at 50% of the daily berth rate, and according to the price list and by the boat length.

At ACI marina "Veljko Barbieri" Slano, depending on marina capacity availability where half-day berthing up to 4 hours is free of charge.

If the vessel enters the marina in the period from 7 a.m. (when the reception opens) to midnight, the daily berth fee expires at 2 p.m. on the following day. If the vessel enters the marina before 7 a.m. (e.g. in the period from midnight to 7 a.m. of the same day), the daily berth fee expires at 2 p.m. on the same day, and after 2 p.m. another daily berth fee will be charged.

### Daily berth online booking

Daily berths can be reserved by paying in advance via the online booking application on the official ACI website [www.aci-marinas.com](http://www.aci-marinas.com). The one-off booking fee is 10% of the daily berth rate charged according to the vessel's length, and is payable at the time of booking.

#### Exceptions are:

- ACI marina Trogir – no reservation fee and online reservation not possible on Fridays and Saturdays
- ACI marina Milna - no reservation fee
- ACI marinas Žut and Piškera - online reservation fee 30% from July 15th till August 25th
- ACI marina Korčula - online reservation fee 20%
- ACI marinas Skradin and Palmižana - online reservation fee 40%

The booking is valid for the day paid for only, and expires when the next day's berth fee is charged.
